

Post BookLoad	End-Point => {{host}}/services/api/rest/BookLoad
By default, this end-point will book a quote only with Banyan not with the actual carrier.	
To book the quote with the actual carrier, need to dispatch the shipment to the carrier.	
To dispatch the shipment, set SubmitPickup=true.	
Quote ID received from "GetQuotes" is required for successful response	

NOTE
Once shipment is dispatched to a carrier, it can't be cancelled.

1. **Loadinfo:** Turvo Identifiers (InvoiceID, ShipmentId, BOL#, CustomerPO etc) + LoadID (Created By Banyan)
